MUSIC MATTERS!

News from the Music Parents and Mrs. Hefner --

We are excited to share with you that we are in the process of ordering new instruments for the music classroom. These instruments will be used with a drum program called World Music Drumming. This program not only covers multicultural learning, but also teaches the students listening skills, learning new instruments, working in groups and independent music reading skills.

We would also like to start a class guitar program in the future, starting at the 6th grade level. There are currently no fees associated with the music class. Grants are available, but not everything is covered.

Any donations are greatly appreciated to help support the music education of our students and promote growth within the music program in the Sargent community. Please feel free to contact Heather Hefner (music teacher) at the Elementary school at the end of the school day with any questions or donations.

Thank You for your support!
