Krista Stambough provided updates for CMAS- one remaining. PSAT and ACT are done. NWEA will finish April 26th. DIBELS will be next week.

Open issues

Cleanup updates – Kyler Brown stated that one person with children showed up. They bolted down bleachers, and picked up trash at the baseball field. Then at the school they swept gravel of sidewalks. Michele Peterson stated no one showed up for her day on Saturday. Recommendation was discussed by all present to get clean up days added to the fall calendar.

Principals/Superintendent updates

Newsletter has gone out with both principals' updates.

Superintendent – Still getting familiar with community and its members. He has been visiting classrooms, and dealing with current issues. Looking over the budget for next year, and is hopeful for a 10% increase. Teacher salaries need to improve. He is focusing on systems, climate, and culture.

Directives

Budget review – no budget to review yet. Maintenance has overextended, but items are getting fixed.

Idea was proposed and discussed to recruit more involvement into DAC at registration night. Also, to put out a flyer with the packet. Or to focus on the individual and offer an invite on a personal level.

Clean up days- sports and clubs to pick a clean up day. Suggested to have adult clean up on August 21st from 4 to 6 PM before the BBQ.
